FOR IMMEDIATE RELEASE

Making A Connection To Local Job Search Experts

Conducting a job search is one of the most stressful things you'll ever have to do. Why do it alone? Maricopa Workforce Connections (MWC) invites you to visit the Career Center located at 735 N. Gilbert Road. The Center is designed to assist you with your job search by showing you how to become the employer's top applicant, providing tips on maneuvering your way through the stressful interviewing process, and helping you select the best career path.

This is done by providing you with a variety of complimentary top-notch services and partner resources, as well as an all inclusive state-of-the-art computer lab that has fax machines, phones, copiers, job leads, and resource areas. In addition, MWC has cutting edge workshops available that cover topics such as writing a winning resume, interviewing tips that guarantee results, using the Internet for your job search, and deciphering labor market information to help you make the correct choice.

The Center also offers basic computer classes, youth programs, assessment workshops, GED classes, and networking opportunities. Since networking is the premier way to find a job, the Center offers classes on how to network and hosts a Job Club that allows you to practice your skills. Staff members work one-on-one with clients to help them identify goals and develop a career path that meets your individual needs.

Once you've perfected your skills, you may wish to venture next door to the MWC Business Service Center where you'll find an array of local employers hosting job fairs and conducting on-the-spot interviews. The Center is open Monday through Friday from 8 a.m. to 5 p.m. (except federal holidays). Get inspired to get hired, visit maricopaworkforceconnection.com today!
